

4 Benowa Street KELSO QLD

4 2 5

This large 4 bedroom home has recently been renovated and no expense was spared. From the moment I walked in the front door all I could say is "wow this is just stunning? Some people have the knack of putting it all together when doing a renovation and the owners of this home definitely have the gift.

There are four large bedrooms, all have air-conditioning and built in robes and carpet, the master bedroom with ensuite & bathroom and toilet upstairs.

Downstairs is open plan living with a split system air-conditioning. The new stunning kitchen is one of the focal features of this home with its chef's size kitchen, with ample above and below counter storage, a huge pantry, large fridge space, microwave shelf, and breakfast bench, ideal for the chef of the family.

The huge living/family room gives you room to move and put your feet up. Step out the sliding door to the spacious under cover entertainment area, where you can relax and keep an eye on the kids playing in the garden or the big kid with his toys in his double shed.
