

## BUSHLAND BEACH

4  2  2 

We all have our dreams of what living in paradise should be, but if I was to say to you how would you like to wake up with a tropical breeze softly blowing the curtains as you look out to the tranquil Coral Sea? I think most people would think that this was the definition of paradise. That's exactly what we have open for private inspection. On what I believe to be the largest water front block in Bushland Beach with the beach literally as your next door neighbour. This property is fully fenced with its own security gate on the front driveway and is surrounded by lush tropical landscaped gardens. The home itself is an entertainers dream, with 3 living areas and an open plan design that overlooks the pool, plus a large 2 bay shed for the boat jet ski or the cars.

With the current owners committed elsewhere and reluctantly having to leave, their loss will absolutely be your gain! This home is well worth putting on the top of your list! If you are a serious buyer, I urge you to call today and book an inspection before it's too late.
