Undoubtedly the first thing that catches your eye as you step inside are the glorious polished timber floors, these coupled with the spaciousness and kitchen make the heart of the home very inviting.

The stunning new kitchen is just delightful, generously proportioned with two tone cupboards, pot draws and a wall of cupboards including the pantry. The accompanying living area is enormous with views to the parkland opposite. There is lots of room for a large sofa and big screen TV plus room for a large dining room table.

Down the hall are the three bedrooms and the main bathroom which is well proportioned. The shower is more than generous whilst the vanity complements the timber floors of the home perfectly.

Downstairs is a very versatile area and houses the laundry and the second bathroom, there is a tiled area which could function as kids play area as well as another room/office. At the back is a covered all weather BBQ area. At the back is an additional storage/work shed with adjoin concrete workarea under roof.
