3 2 4

Many of us dream of one day packing up and moving a short distance from town, somewhere you can wake up to the sounds of birds, and the bush, with only a short drive back into the city, but more importantly to escape the rat race to your very own country retreat.

Imagine your own home set on 1.3 ha overlooking bushland - 11 Mount Panorama Drive is just one of those very special properties that has it all. If you are looking for a home that has room for Tropical fruit trees, a horse, or perhaps a few goats and chickens this home is for you, there is even your own private little creek that runs through the paddock over the wet season that is perfect for picnics. The house itself has not been forgotten with a fully renovated kitchen, open plan design, and of course an outdoor patio and deck that overlooks the pool making it perfect for afternoon BBQ's with family and friends.

Make no mistake this is a must-see property that has the lot! With many features that are hard to find in other homes on the market, If you are a serious buyer who is looking for a quiet secluded atmosphere of country living! this is the home for you.
